

10 Miles High

Nine Inch Nails

I'm getting closer
All the time

I tried to get so high
I made it ten miles high
I'm gonna get so high

I'm gonna get so high
You'll never get inside
I swore I'd never turn into you
I'm closer all the time
I made it ten miles high
Can't tell my truth from my lies
I swore to God I would never turn into you
I'm getting closer
All the time

Tear it all down
Tear it all down
