

Lakeside Drive

Nitzer Ebb

Lakeside drive
On a summers day
Lakeside drive
Nothing to say
Lakeside drive
Got a leave today
Nothing, but nothing to keep me away

Old junk car with the windows down
Ride it out to the right side of town
Too hot to breathe, look see the people seethe
I hope you know that I don't want to leave
Lakeside drive
On a summers day
Lakeside drive
Nothing to say
Lakeside drive
Got a leave today
Nothing, but nothing to keep me away

Stick shift drive with one hand on the wheel
No need to look because I know how you feel
Roll of the street leaving the street behind
Turn in the basement see what else we can find
In the basement then it's the safest place
In the basement then it's just my face
Looking up at you as you're looking down on me
Now this is the place where I know I want to be
Looking up at you as you're looking down on me
Now this is the place where I know I want to be

Lakeside drive
On a summers day
Lakeside drive
Nothing to say
Lakeside drive
Got a leave today
Nothing, but nothing to keep me away

Nothing to keep me away
Nothing to keep me away
On a summers day
Got nothing to say
