

Love Is

Nizlopi

We worked it out
Now we are home
Now angels sing for me,
When Im alone.

You make me cry,
You make me sing,
You make me love you with,
start remembering that..

Love is this sweetest feeling,
That we know and
Love is the only thing that will let you go,
Where u wanna go.

You hold my heart,
Right in your hands,
As we travel through thi ...s,
Foreign land.

We worship soul music,
We sing forever,
All of this broken people,
In this together singing that..

Love is this sweetest feeling,
That we know and
Love is the only thing that will let you go,
Where u wanna go.

To her heart,
To her hands,
To your love

Love is this sweetest feeling,
That we know and
Love is the only thing that will let you go,
Where u wanna go.
