

I Believe in Goddess

NOFX

I don't believe in God I believe in Goddess
I don't believe in prayer but I believe in worship
I don't believe in destiny but I can feel luck
I don't believe in people cuz they don't give a fuck

I can't like hypotheses I kinda dig laws
I kinda like defending causes and underdogs
I like theories of evolution and of design
I don't believe anything except for decline

I don't believe in finite I think there's an end
I don't want an afterlife I wanna transcend
I'm gonna do everything that I want to right here
I want a life peculiar and I want it severe
