

## Lullaby

OK Go

Go, go to sleep  
My love, just go  
Go to sleep

And dream that I'm there in your arms tonight  
Dream that I'm there and we'll be alright  
We'll be alright

Close, close your eyes  
My love, just close  
Close your eyes

And dream that I'm there by your side tonight  
Dream that I'm there and we'll be alright  
We'll be alright

And when morning comes  
And I'm still a thousand miles from your side  
Don't give up  
Don't let the darkness of day in  
I'll see you in your dreams again tomorrow night

Go, go to sleep  
My love, just go  
Go to sleep.  
My love, just go  
Go to sleep...
