So in Love

Talk to me, don't lie to me Save your breath Don't look at me, don't smile at me Just close your eyes I was so impressed by you I was running blind I would fall for every trick Every twist of mind

Heaven is cold Without any soul It's hard to believe I was so in love with you

Don't say your prayers, don't build your hopes Just walk away Don't phone me up, don't call around Don't waste your time You were so in awe of me You were so divine You would do just anything To still be mine

Heaven is cold Without any soul It's hard to believe I was so in love with you

All the things you said to me I was so upset You were always talking talking God I did my best

Heaven is cold Without any soul It's hard to believe I was so in love with you OMD
