

# Cry Out

ONE OK ROCK

Switch the light off welcome to the night  
What's the problem, not gonna make it right?  
Bite the bullet then pull the trigger hold tight  
(It's a feeling you know)

Kotoba wo nomikonda kimi no  
Nanika wo uttaeru metsuki wa  
Tatoe rarenai kurai tsumetai  
(Take take take it for no one)

But I don't know what to call it  
When I know I don't care anymore  
Itazurani sugisatteta kinou

Cry out  
Will you tell me now  
So we say we won't change and  
Never be the same  
Yeah, yeah, yeah ,yeah

Cry out  
Oh I'm burning out  
Can't you hear the sound  
(Voices all around)  
(Cuz we're going down)

Subete ga uraharana boku no  
yowami o tsukamou to shitemo  
sarani kataku tozashite miseruno

Soredemo gouin'na kimi wa nanika o chiratsuka sete misete  
atakamo heizen o yosou no

But I don't know what to call it  
When I know I don't care anymore  
In the end I know we'll all be gone

Cry out  
Will you tell me now  
So we say we won't change  
Never be the same  
Yeah, yeah, yeah ,yeah

Cry out  
Oh I'm burning out  
Can't you hear the sound

One by one it's taking apart it's taking apart of me

Can't you hear the voices screaming?  
Out loud to me I feel it  
We can be the change we needed  
Shout it out now shout it now  
Can't you hear the voices screaming?  
Out loud to me I feel it  
We can be the change we needed  
Shout it out now shout it now

Cry out  
Will you tell me now  
So we say we won't change and  
Never be the same  
Yeah, yeah, yeah ,yeah

Cry out  
Oh I'm burning out  
Can't you hear the sound  
(Voices all around)  
Can't you hear the sound  
(Cuz we're going down)  
(Voices all around)  
(Cuz we're going down)
