

Good Goodbye

ONE OK ROCK

You're the light I'm the shadow
on the wall when you sleep
Everything that I need is right
here with me

Come to me
All that I can say's already said
I come to you
There is one word that I can't forget

Goodbye
Good Goodbye
Goodbye
Good Goodbye

Little time not a moment wasted with you
I realized to stay
We had to break away

Come to me
All that I can say's already said
I come to you
There is one word that I can't forget

Goodbye
Good Goodbye
Goodbye
Good Goodbye

Little time not a moment wasted with you
