

# I Was King

ONE OK ROCK

We said tonight  
No going back  
Nothing seems right  
Stuck in the past

When am I, when am I  
Gonna start living?  
When am I, when am I  
Gonna move on?  
When am I, when am I  
Gonna kill this feeling?  
When am I, when am I  
Gonna stop this dreaming?

When I was king  
I was king  
We had everything

(When am I, when am I Gonna start living?)

When I was king  
I was king  
We had everything

(When am I, when am I Gonna start living?)

Don't wanna go  
I'm holding on tight  
Something to live for  
Make it our nights

(Shut down the sirens in our heads)

When I was king  
I was king  
We had everything

(When am I, when am I Gonna start living?)

When I was king  
I was king  
We had everything

(When am I, when am I Gonna start living?)

When I was king

If I go down  
I will go down fighting  
I'll go down  
Down like lightning

If I go down  
I will go down fighting  
I'll go down  
Down like lightning

If I go down  
I will go down fighting  
I'll go down  
Down like lightning

When I was king

When am I when am I  
Gonna start living?  
When am I when am I  
Gonna move on?  
When am I when am I  
Gonna kill this feeling?  
When am I when am I  
Gonna stop this dreaming?

When I was king  
I was king  
I was king

When I was king  
I was king  
We had everything

(When am I, when am I Gonna start living?)
