

Dickhead

Oomph!

Why don't you touch me?
Why don't you move me?
My little darling
Why don't you prove me?

You wanna suck - you need your first cock
You wanna suck - you need your first cock
You wanna suck - you need your first cock
You wanna suck - you need your first cock

I'm gonna teach you
You're gonna take it
My little toydoll
I'm gonna make it

You want a cock - you need your first shock
You want a cock - you need your first shock
You want a cock - you need your first shock
You want a cock - you need your first shock

Isn't it all you want?
Isn't it all you need?
Only your first shock?

Come on and let me
I'll never hurt you
My little angel
Never desert you

You wanna fuck - you need your first shock
You wanna fuck - you need your first shock
You wanna fuck - you need your first shock
You wanna fuck - you need your first shock

Isn't it all you want?
A dickhead
Isn't it all you need?
A dickhead
Only your first shock?
