

Foil

Oomph!

Peel me
Step like a fencer
Until I can feel you again

Heal me
Spread like a cancer
Until I can feel
all this pain

Burn like a fire
Release me
And then let me drown again

Burn like a fire
To freeze me
And then let me drown again

Tease me
Crush down my beaver
Until I can see you again

Ease me
Hush me with fever
Until I can see
all this rain

Burn like a fire
Release me
And then let me drown again

Burn like a fire
To freeze me
And then let me drown again

Feed my desire
Relieve me
And then let me down again

Feed my desire
Deceive me
And then let me down again
