

## (Why I'll Never Be) Clean Again

Oomph!

Take a look at my life - do you see what I need ?  
Better give me the knife  
Better leave me to bleed

I hate my lies - I hate myself  
I hate my life - I hate myself

Take a look in my eyes - do you see what I see ?  
Better take my advice  
Better listen to me:

I can see I will never be home again  
I can see I will never be whole again  
I can see I will never be free again  
I can see I will never be me again  
(I hate my lies - I hate myself)  
(I hate my life - I hate myself)

Read my mind -  
Now you can see  
Why I'll never be clean again

I could lift you up, be your clown, make you smile  
I will fuck you up, take you down, make you cry

Take a look at my face - and then kiss me goodbye  
(Don't you know that I like to be a scapegoat?)  
Better drop all your faith  
Better leave me to die  
(Don't you know that I like to be a scapegoat?)

I can see I will never be home again  
I can see I will never be whole again  
I can see I will never be free again  
I can see I will never be me again  
(I hate my lies - I hate myself)  
(I hate my life - I hate myself)

Read my mind  
Now you can see  
Why I'll never be clean again
