

She told me
Why she told me lies
Always take care of this
I told her how I've always stayed
Always waiting for nothing

(2x)

When I get out of here
When I leave you behind
I'll find that the years passed us by

And I can see you
Running through the fields of sorrow
Yes I can, see you
Running through the fields of sorrow

(2x)

When you get out of here
When you leave me behind
You'll find that the years passed us by

And I can see you
Running through the fields of sorrow
Yes I can, see you
Running through the fields of sorrow
