

## Magic Carpet

Orange Goblin

Kaleidoscope of color from the fountain jubilee  
Atomic rays of sadness shine beyond the silver tree  
The distant sound of chaos brings the warriors to be  
A ride upon the carpet and it takes me to my fantasy

Hold on tight  
Baby, hold on tight  
Magic carpet ride

The butterfly superior of cosmic dust and sand  
Sings the hymn of mystery and shadows evil land  
Ashes rise to fill my eyes as darkness takes my hand  
Upon the carpet plays the tune of Mother Nature's band

Hold on tight  
Baby, hold on tight  
Magic carpet ride

A mountain starts to crumble as we race the giant fly  
Our sunrise falls to pieces as the priest decides to lie  
A cavalcade funeral is marching across the sea  
To nest the velvet eagle where the angels' hearts will bleed

Baby, hold on tight  
Come on, hold on tight  
Magic carpet ride  
Come on, take a ride with me upon the magic carpet
