

Zung Zung Funky Music

Orange Range

Zung zung funky music, zung zung funky music

Don't stop funky music, hey, little by little I'm
engrossed with you
The initial urge is "rapid", I generally don't need any
company all year long
That's right funky boy, you want to dance, you want to
do it
Don't stop funky music, I'm usually into you

Afro, you'sa you'sa funky guy, dancing night; you
misunderstand, it's different
What is it that's filled with excitement? Taking off
your clothes means I win
Fancy music, illusion magic, it's not going to stop,
this beat
Reality, naked flight, a musical performance of only
westernized guys

It's that kinda feeling, yo! Dancing
Shake your hips, shake shake. Guys and girls, let's
dance.
Flow all around ladies, letting out a breath, this is
great
Money throughout the world!? There's no such thing. I
feel like this is a good day, so shape your hips baby
Yan-ya-ya, yaa-ya-ya, zung zung funky music all night

Zung zung funky music, zung zung funky music

I'm into this rhythm day and night. Forget your fatigue
everyone, fever fever
Zung zung zung funky music, it's all right
A vacuum tube. the floating beat heats up

It's that kinda feeling, yo! Dancing
Shake your hips, shake shake. Guys and girls, let's
dance.
Pretending not to know is no good, you dandy. Even if
you put on glasses, when you want to do it just do it!!
The world's appearance, there's no such thing. I feel
like this is a good day, so shape your hips baby
Yan-ya-ya, yaa-ya-ya, zung zung funky music all night
