Sell My Soul

Our Lady Peace

How do you feel How do you hate How do you wake up with That smile that's on your face Out on the moon If I was an astronaut Could I get back to you I'm out of my head I'm out of excuses so I'm staring at The bed, and it's you, it's you I hold on I hold on I can't let go of you I hold on I hold on I'd sell my soul for you I'm losing my heart I'm losing my pride I'd burn our initials In the sun if it would shine I need a fresh start 'Cause I was in heaven until This world fell apart

I'm out on the run I'm out in this empty space Since all of this begun Well I tried, I tried

Nothing seems to help Nothing seems to work Nothing is as beautiful I'm old enough to take all the blame For all the mistakes All the games and All the faces I'm bleeding by myself But I'm okay
