

Talkin' 'bout hangin out with the D-Bois

You know you got a D-boi if you got somebody  
front you some, be like havin' two daddies  
One time my homebody fronted my an 8-ball at 3 O'clock  
At 4: 30 he wanted the money back

It's rough bein' on that thang man  
How you gonna front me somebody done fronted you  
He ain't no real hustla  
The dude's shootin at both of us  
He ain't gave you a quarter probably  
Tellin y'all we comin' up

A real D-boi know you gotta get your own work  
You don't get high on your own supply  
Till later on that night  
I gotta go drop off about thirty keys...
