

## If Only

## Outlandish

It's all so quiet in here  
If only - I got's to do this  
If only - yeah

I know I'm takin' ya for granted as hell  
Don't care, never talk, when we do, not well  
Come home, all tired and straight to bed  
U b like; remember salaah  
And I be like; forget that  
I missed the first 4  
Anyhow can't deny my conscious is broke  
Double standard - 100, ask me why and I choke  
Sistas stay home while brotha's hit the clubs  
Tale spinning on fast lanes, drinking all up  
I give a damn about u'd walk a 1000 miles for me  
I won't even go down to the nearest corner shop for ya  
Food on the table every time I run home  
Praying while the TV is on, my focus all gone  
Can't take ya serious when ya blame me for ya misery  
Why can't ya be mo like his or her son, I'm sick of it  
I wish I could turn back the hands of time  
If I could, if I could  
I would be ya perfect son  
Instead of these tears in du'a

Oh my friend  
Can't take it anymore  
The pain, the rain, the good times missin'  
Help me sing  
If only - we could be down  
If only - we'd work it out now  
If only - we'll be strong, we got's to keep on holdin' on

It wasn't love at first sight, not even the first night  
Came later build on mutual respect insight  
Ok we argue a lot yaaaaa told u I was leaving  
So we say stupid things when we mad but we don't mean 'em  
Come on how did u expect us to connect so fast  
We knew zero about each other got hooked up by my mother  
U was digging Bollywood while I was in to beats and rhymes  
Before it all was about me  
Now it's all about us  
You see relationship's build on support and trust  
And we had cracks in both  
We came close to a divorce  
Then he came in and things got better we thought  
All though diapers for our baby's bootie we could barely afford  
For now me and you we scrubbing floors together  
But someday inshallah we gonna floss together  
It's been a bumpy ride so far we'll face it together  
No matter the weather  
It's me you and ours forever

Oh my friend  
Can't take it anymore  
The pain, the rain, the good times missin'  
Help me sing

If only - we could be down  
If only - we'd work it out now  
If only - we'll be strong, we got's to keep on holdin' on

Si solo yo pudiera  
Viajar en el tiempo  
Si solo yo pudiera  
Volver por un momento  
Y sentarme junto a usted  
Y hablar de hijo a padre  
Sentarme junto a usted  
De amigo a compadre  
Le diria hay una cosa que no se debe de olvidar  
La familia es lo primero, es elemental  
Pero supongo que en este punto  
Somos diferentes y como reprocharle  
Si usted es el ausente  
Y ahora que ya no esta de que sirve  
No se quien tuvo la culpa pero una cosa quiero decirle  
Mi madre me hizo hombre  
Ella es fuerte y con orgullo  
A ella le debo todo mi pasado mi futuro

Why why so quiet  
Baby ya think by now  
We'd knew any better

Why all this fightin'  
Maybe we should talk  
Instead of all this hidin'

Oh my friend  
Can't take it anymore  
The pain, the rain, the good times missin'  
Help me sing  
If only - we could be down  
If only - we'd work it out now  
If only - we'll be strong, we got's to keep on holdin' on

Nobody  
Holdin' us down  
No more  
Oh no
