

# Winners Never Quit

Owl City

I've had some bumme days  
But I ain't lookin' back  
I've made a few mistakes  
But I'm on the right track

I got somewhere to be  
Gotta hurry so I'll make  
My date with destiny  
'Cause I don't wanna be late  
Here we go

I might take my time  
'Cause I find the fable had it right  
Slow and steady wins the race  
And I might lag behind  
But I swear I'll cross the finish line  
Movin' at a steady pace

I'll give it all I've got  
I don't have a lot  
But I know a little goes a long way

The truth is hard to face  
But I can take a hit  
I've lost in many ways  
But a winner don't quit

My head is in the game  
And the move is mine to make  
But I am not afraid  
'Cause I'll fight the good fight

I got somewhere to be  
Gotta hurry so I'll make  
My date with destiny  
'Cause I don't wanna be late  
Here we go

I might take my time  
'Cause I find the fable had it right  
Slow and steady wins the race  
And I might lag behind  
But I swear I'll cross the finish line  
Movin' at a steady pace

I'll give it all I've got  
I don't have a lot  
But I know a little goes a long

I'll give it all I've got  
I don't have a lot  
But I know a little goes a long way

I got somewhere to be  
Gotta hurry so I'll make  
My date with destiny  
'Cause I don't wanna be late
