

# Black Rain

Ozzy Osbourne

The black rain is falling  
Contaminating the ground  
The human race is dying  
The dead are scattered around  
What is the price of a bullet?  
Another hole in the head  
A flag draped over a coffin  
Another soldier is dead

How many victims have fallen  
How many more have to die  
People dying in masses  
Angel of death standing by

We've got our marching orders  
Defenders of our home and our pride  
We've crossed too many borders  
Military suicide

War killing sons and daughters  
Another failed attack  
There is no turning back  
Blood running down like water  
You'll think you got away  
Until the judgment day comes

Politicians confuse me  
I watch the body count rise  
Why are the children all marching  
Into the desert to die?  
The human psyche is twisted  
The madness rising again  
Another empire falling  
I watch them dying in vain

We've got our marching orders  
Defenders of our home and our pride  
We've crossed too many borders  
Military suicide

war sends our sons to slaughter  
Another failed attack  
There is no turning back  
Blood running down like water  
You'll think you got away  
Until the judgment day comes

Are you ready?

Black rain, black rain  
Black rain, black rain

War killing sons and daughters  
Another failed attack  
There is no turning back  
Blood running down like water  
You'll think you got away

Until the judgment day  
You'll think you got away  
Until your judgment day comes
