## **Snowblind**

What you get and what you see Things that don't come easily Feeling happy in my vein Icicles within my brain (cocain)

Something blowing in my head Winter's ice, it soon will spread Death would freeze my very soul Makes me happy, makes me cold (cocain)

My eyes are blind but I can see
The snowflakes glisten on the tree
The sun no longer sets me free
I feel there's no place freezing me

Crystal world with winter flowers Turns my day to frozen hours Fill my dreams with flakes of snow Soon I'll feel the chilling glow (cocain)

Don't you think I know what I'm doing Don't tell me that it's doing me wrong You're the one who's really a loser This is where I feel I belong (cocain)

Let the winter sun shine on Let me feel the frost of dawn Lying snowblind in the sun Will my ice age ever come? (cocain)
