

You Drive Me Crazy

Pandora

Listen up!
Wanna give you some information
Here's the situation
With two different people
You and me tryin' to be equal
In every way
But we don't understand
What we say, you see
I don't wanna miss ya'
All I wanna do is to
Please ya' and kiss ya'
So please don't ,please don't
Let me down
Hear me when I'm sayin'
Come on baby can't you see
I wanna love you baby
Always like a mystery
You drive me crazy
Alright
Now I've told ya' 'bout my feelings
Quit the dealin'
I'm revealin'
Every secret of my inner soul
My heart,my brain
You're in control
So give it to me
Give it to me nice and loud
Just tell me that
I'm still allowed
But please don't,please don't
Let me down
Hear me when I'm sayin'
Come on baby can't you see
I wanna love you baby
Always like a mystery
You drive me crazy
Ooh oh aah I love you baby
Ooh oh aah You drive me crazy
