I Constantly Thank God for Esteban

Panic! at the Disco

Give us this day our daily dose of faux affliction Forgive our sins Forged at the pulpit with forked tongues Selling faux sermons

'Cause I am a new wave gospel sharp And you'll be thy witness So gentlemen, if you are gonna preach For God sakes preach with conviction

Strike up the band
Whoa, the conductor is beckoning
Come congregation, let's sing it like you mean it
No, don't you get it, don't you get it? Now, don't you move

Strike up the band
Whoa, the conductor is beckoning
Come congregation, let's sing it like you mean it
No, don't you get it, don't you get it? Now, don't you move

Just stay where I can see you Douse the lights We sure are in for a show tonight

In this little number we are graced By two displays of character We've got the gunslinger extraordinaire Walking contradictions

And I for one can see no blood From the hearts and the wrists you allegedly slit And I for one won't stand for this If the scene were a parish you'd all be condemned

Strike up the band Whoa, the conductor is beckoning Come congregation, let's sing it like you mean it No, don't you get it, don't you get it? Now, don't you move
