A way
She's so sweet
She knows
All the women call her heart breaker
I just call her my widow maker

She's so hot
Under the lights
She's so sexy
Every night
They all come to see her play
All the women call her heat breaker
I just call her my widow maker

Rock and roll widow maker Heart breaker No you can not take her Oh, there she goes

My widow maker
She's so sweet
She knows the
All the women call her heat breaker
I just call her my widow maker
