

# Meant To Be

Parachute

When I found you  
You could run so fast  
You never really wanted love  
And it couldn't really hold you back  
You were that speed train  
And you were still on the run  
Yeah you would crash right in  
And then you'd just move along  
Oh I know that it haunts me  
Wishing you could just stay  
Drive away if you want to  
You can slow down babe  
But you just can't wait

Don't you see?  
You can try to fight it  
But it's meant to be  
You and me  
Baby please  
Don't believe  
Anything they tell you  
Right here  
I swear  
This is where you're meant to be  
When you fly off  
Yes you get so high  
You never want to come back down  
And you never really had to try  
Baby all I know  
And that I've come to find  
You can touch the sun  
But you're never gonna kiss the sky  
Oh I know that it haunts you  
Wishing you could be there  
Fly away if you want to  
It's a new view babe  
But it's the same air

Don't you see?  
You can try to fight it  
But it's meant to be  
You and me  
Baby please  
Don't believe  
Anything they tell you  
Right here  
I swear  
This is where you're meant to be
