

## In My Life

Patti Austin

Although music is sweet  
But the song incomplete  
Now in my life,  
Boy in my life  
Something is missing

It's the truth, yes it's true  
Still there's no me and you  
Here in my life  
Boy in my life  
Something is missing

In my life there ain't no melody oh no  
In my life there ain't no harmony  
To let me sing a song  
All I need is a cue when I'm waiting for you  
Boy in my life  
You are the melody  
Coz in my life  
You are the song

Baby, in my life  
You are the song  
You are my melody  
To me baby, in my life  
You are my song
