Love Will Lead You Back

Patti LaBelle

Saying goodbye is never an easy thing But you never said, you stay forever So if you must go darlin', I'll set you free But I know in time, we'll be together I won't try to stop you now from leaving 'Cause in my heart, I know

Love will lead you back, someday I just know that Love will lead you back to my arms, where you belong I'm sure, sure as stars are shining One day you will find me again, it won't be long One of these days our love will lead you back

One of these nights, I'll hear your voice again You're gonna say, how much you miss me You walked out this door but someday you'll walk back in Darling I know, I know this will be Sometimes it takes, sometime out on your own now To find your way back home

Love will lead you back, someday I just know that Love will lead you back to my arms, where you belong I'm sure, sure as stars are shining One day you will find me again, it won't be long One of these days our love will lead you back

I won't try to stop you now from leaving 'Cause in my heart I know

Love will lead you back, I just know that Love will lead you back to my arms, where you belong I'm sure, sure as stars are shining One day you will find me again, it won't be long One of these days our love will lead you back

Love will lead you back, someday I just know that Love will lead you back to my arms, it won't be long One of these days my love will lead you back
