

# Fly Away

Patty Loveless

Sometimes I get so angry with you  
You treat me like an old worn out shoe  
I've been here for you, for oh, so long

One day you could reach and find me gone  
One of these mornings, I could wake up with wings  
And I'll be singin'

Fly away, I could fly away  
And if I'm in your way  
I could be gone tomorrow

Some days I love you  
Some days I don't  
First you say, you will  
And then again you won't

Well, I guess all love  
Has it's ups and downs  
And maybe that's why  
I stay around

But a woman can hurt  
For just so long  
And she'll start singin'  
That travelin' song

Fly away, I could fly away  
And if I'm in your way  
I could be gone tomorrow

Should be easy to keep  
Our love alive  
There is no reason  
That we can't take the time

Yet, we live as if we have centuries  
All the world at which to be  
But the end could come at any time  
For a love like your's and mine

Fly away, I could fly away  
And if I'm in your way  
I could be gone tomorrow

Tomorrow  
I could fly away  
I could fly away  
I could fly away  
I could fly away
