

## Some Blue Moons Ago

Patty Loveless

Sensitivity ain't your style  
A cheap box of candy  
And an Elvis smile  
Drove me wild  
That was some blue moons ago

Used to thrill me when you hold me tight  
But I don't want another summers night  
Baby, it's alright  
That was some blue moons ago

I need a warm romance  
You gotta take a chance  
You gotta let those feelin's show  
You need to give and take  
Come on communicate  
Baby love's not touch and go  
Like it was some blue moons ago

Come on baby, it's a brand new day  
I need your love, but in a different way  
Hold me honey  
It don't take much  
All I need is just a little touch  
I'm not hangin' on to yesterday  
We need the kind of love  
That's built to stay  
Baby here today  
Not some blue moons ago

I need a warm romance  
You gotta take a chance  
You gotta let those feelin's show  
You need to give and take  
Come on communicate  
Baby love's not touch and go  
Like it was some blue moons ago

Some blue moons ago  
Some blue moons ago  
Some blue moons ago
