

You Will

Patty Loveless

When you know and you will
It wasn't meant to be
When she walks and she will
You're gonna come to me

When she lies and she will
When all is said and done
When you cry and you will
You're gonna want to run

So go ahead and do what you gotta do
It's really not up to me
But the day will come when you finally see
Where you want to be
When you're gonna be back
When you hurt and you will
Who's gonna sympathize
Well she won't but I will
Then you'll realize

So go ahead and do what you gotta do
It's really not up to me
But the day will come when you finally see
Where you want to be
Then you're gonna be back

I know you will
I just know you will

So go ahead and do what you gotta do
It's really not up to me
But the day will come when you finally see
Where you want to be
Then you're gonna be back

When you know and you will
When she walks and she will
When she lies and she will
When you hurt and you will
I know you will
I know you will
