

# Love Me Warm and Tender

Paul Anka

Love me warm and tender, dear  
Love me warm like the glow of the morning sun  
Love me warm and tender, dear  
Love me so just as though I'm the o-o-o-onl-y-y one

Kiss me warm and tender, dear  
Kiss me strong, kiss me long 'til the end of time  
Kiss me warm and tender, dear  
Let me know, tell me so 'til the end of time

I'm in heaven in-a your embrace  
See the glow of your angel face  
Heaven sings, heaven rings, on your wings we will fly away  
We will fly, you and I, to the sky where we'll always stay

Love me warm and tender, dear  
Take my lips, take my arms, they belong to you  
Love me warm and tender, dear  
I'm a part of your heart for my whole life through

Love me warm and tender, dear  
Love me warm like the glow of the morning sun  
Love me warm and tender, dear

Love me so just as though I'm the o-o-o-onl-y-y one
