

## With the One I Love

Paul Kelly

I'm gonna go with the one I love  
All I know is that I must  
Pretty soon we'll all be dust  
I'm gonna go with the one I love

I'm gonna leave my darling once  
And go where I'm nobody's child  
Yes I know I am beguilled  
I'm gonna go with the one I love

I might be wronged by the one I love  
But I don't care what's bad or good  
Or what I shouldn't or what I should  
I'm gonna go with the one I love

Woo, woo (The one I love)  
Woo, woo (The one I love)  
Woo, woo (The one I love)

I'm gonna cleave to the one I love  
I'll never leave the one I love  
I'll shout it up to the heavens above  
I'm gonna go, I'm gonna go

With the one I love (The one I love)  
The one I love (The one I love)  
With the one I love (The one I love)  
The one I love (The one I love)

Woo, woo (The one I love)  
Woo, woo (The one I love)  
Woo, woo (The one I love)  
Woo, woo (The one I love)

(The one I love)  
(The one I love)  
(The one I love)  
(The one I love)  
(The one I love)
