

Dear Boy

Paul McCartney

I guess you never knew,
Dear boy, what you had found,
I guess you never knew,
Dear boy, that she was just the cutest thing around.
I guess you never knew what you had found,
Dear boy.

I guess you never saw,
Dear boy, that love was there,
And maybe when you look too hard,
Dear boy, you never do become aware.
I guess you never did become aware,
Dear boy.

When I stepped in, my heart was down and out,
But her love came through and brought me 'round,
Got me up and about.

When I stepped in, my heart was down and out,
But her love came through and brought me 'round,
Got me up and about.

I hope you never know, dear boy,
How much you missed,
And even when you fall in love,
Dear boy, it won't be half as good as this
I hope you never know how much you missed, dear boy.

I stepped in, my heart was down and out,
But her love came through and brought me 'round,
Got me up and about.
Dear boy, how much you missed,
Dear boy.
