Somewhere down a road from here Gonna make a deal with you.

Somewhere down a road from here Tell me it won't seem like a honeymoon, ya know.

Dreamin dreams.

Schemin schemes.

Do what seems an easy thing.

Think of all the houses.

Gaze across the roofs of a tenement year.

Think of all the places.

See the harvest moon rise so big and near, ya know.

Dreamin dreams.

Schemin schemes.

What the mice in the subway know people in the streets

can barely see.

Quite sublime in a dusty clime...

Til the next subway train comes screamin down the line.

Dreamin dreams.
Schemin schemes.
Do what seems a easy thing.

Do what seems a easy thing.

Do what seems a easy thing.

Take a look around my face.

Take away the years that have come and gone.

Take a look around my face.

Just another year to be hanging on, you say.

Dreamin dreams.

Schemin schemes.
