

# Sleep Walk

Pere Ubu

It ain't me  
I walk the line brother  
It ain't me  
On the high wire  
It ain't me  
Calculate how far I can fall  
It ain't nothin!  
Somewhere  
I see a face in a stream  
I watch the dust in a beam  
I work harder harder  
To break away  
From the grip of a dream  
On a high wire  
I live  
And I breathe it  
On a high wire  
Oh no  
Will I never be?

It ain't me  
Don't watch the sky brother  
It ain't me  
Or the ground far below  
It ain't me  
Or speculate how far I can fall

It ain't nothin!  
On a high wire  
I live  
And I breathe it  
On a high wire  
Oh no  
Will I never be?

It ain't me  
I walk the line brother  
It ain't me  
On the high wire  
It ain't me  
Calculate how far I can fall  
It ain't nothin!  
Somewhere  
I see a face in a stream  
I watch the dust in a beam  
I work harder harder  
To break away  
From the grip of a dream  
On a high wire  
I live  
And I breathe it  
On a high wire  
Oh no  
Will I never be free?
