And so it goes another lonely day You're savin' time but you're miles away Your flowers drowning in some bitter tea For seeing lost opportunity

Find your mirror go and look inside And see the talent you always hide Don't go kid yourself, well not today Satisfaction's not far away

Hold on now your exit's here
It's waiting just for you
Don't pause too long
It's fading now
It's ending all too soon you'll see

Soon you'll see

Your coffee's warm but your milk is sour Life is short but your here to flower Dream yourself along another day Never miss opportunity

Don't be scared of what you cannot see Your only fear is possibility Never wonder what the hell went wrong Your second chance may never come along

Hold on now your exits here
It's waiting just for you
Don't pause too long
It's fading now
It's ending all too soon you'll see

Soon you'll see

Hold on now your exits here
It's waiting just for you
Don't pause too long
It's fading now
It's ending all too soon you'll see

Soon you'll see Soon you'll see Soon you'll see Soon you'll see
