

Natural

Peter Andre

Ya know it feels so good I'm here next to you
I like the way your natural with me baby
I wanna get with you

It feels so natural
Just to be with you
I wanna get it on
It feels so good to know
We can take it slow
And make it last... all night

Hey girl got me going crazy
And I'd like to get with you
Ooh ya got me thinkin' about
All the things I wanna do

It would be a pleasure just to hold you through the night
And when I touch you hey girl
I'm gonna do you right
With a little candle light and sweet red wine
Don't you know baby, you'll be mine

It feels so natural
Just to be with you
I wanna get it on
It feels so good to know
We can take it slow
And make it last... all night

It's time to get to know la lady
Let me get ya in the mood
So we can spend some time
So we'll unwind
And leave our worries behind

I'll guarentee you I'll never do you wrong
Cos you got what I need
Here's where you belong
You got me hooked and it feels so right
Let's make this magic last for more than just one night

It feels so natural
Just to be with you
I wanna get it on
It feels so good to know
We can take it slow
And make it last... all night
(2x)

Give it up C'mon ya don't stop
Give it up C'mon ya don't stop
Give it up C'mon ya don't stop
Give it up C'mon ya don't stop
You got me goin' crazy
Give it up C'mon ya don't stop
You got me goin' crazy

It would be a pleasure just to hold you through the night
And when I touch you hey girl
I'm gonna do you right
With a little candle light and sweet red wine
Don't you know baby, you'll be mine

It feels so natural
Just to be with you
I wanna get it on
It feels so good to know
We can take it slow
And make it last... all night
