

London Bridge Is Falling Down

Peter Bradley Adams

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

Build it up with wood and clay
London Bridge is falling
But wood and clay may wash away
All gone before the morning

Build it up with bricks and stone
London Bridge is falling
But bricks and stone won't last alone
They'll crumble 'fore the morning

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

Build it up with iron and steel
London Bridge is falling
But iron and steel will bend and reel
And break before the morning

Build it up with shiny gold
London Bridge is falling
But soon the gold will all be stone
And lost before the morning

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

Sent a man to watch the night
London Bridge is falling
Suppose the man should close his eyes
And sleep until the morning

Give the man a pipe to light
London Bridge is falling

Pack it full and last the night
And burn until the morning

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

London Bridge is falling down
London Bridge is falling
My lady fair where are you now
Cause London Bridge is falling

My lady fair where are you now
Cause London Bridge is falling
