

On the Line

Peter Cetera

I was drivin' along at the end of the day
I was weary and so all alone
Looking ahead by the side of the road
What I saw was the sign "Telephone"

Talking to you is something I need
More than I needed before
If I ever get through won't you give me the time
Won't you answer my call, won't you stay on the line

It's a moment of truth then a shadow of doubt
Now I need you to stay on the line
It's never as bad when we're talkin' it out
Now I need you to stay on the line

Talking to you is something I need
More than I needed before
If I ever get through won't you give me the time
Won't you answer my call, won't you stay on the line

Answer my call, won't you stay on the line

I believe I have a right to say
What I want to say
And I believe it but I'm keeping it to myself
I believe I have a right to do
What I want to do

All of my life, all of my life
All of my life, all of my life

I believe I have a right to be
Where I want to be
I believe it and I want to be there with you
I believe I have a right to see
Who I want to see

Talking to you is something I need
More than I needed before
If I ever get through won't you give me the time
Won't you answer my call, won't you stay on the line
(2x)

All of my life, all of my life
All of my life, all of my life
