

# Let Me Rock You

Peter Criss

Let me  
Let me rock you  
Let me  
Let me rock you

If you're lonely and you need someone  
To tell your troubles to  
Pick up the phone and I'll run to you

Let me  
In your heart, girl  
Hear me  
Make a little start, girl

If your life seems much too bad  
And there's no one who cares  
Darlin' call me  
And I'll be there

Girl, if you need someone  
For love or for fun  
Let me rock you  
Any time night or day  
Darlin just say  
And I'll rock you

No matter where you are  
Whether near to me or far  
I'll run to your side

Let me rock you  
Let me rock you

Show me  
That you care, love  
Call me  
And I'll be there, love  
When other guys have let you down  
And your at night awake  
Darlin' I can't wait for that day

Girl, if you need someone  
For love or for fun  
Let me rock you  
Any time night or day  
Darlin just say  
And I'll rock you

No matter where you are  
Whether near to me or far  
I'll run to your side

Rock you  
Let me rock you

Darlin, let me rock you  
Darlin, let me rock you

Darlin, let me rock you

Girl, if you need someone  
For love or for fun  
Let me rock you  
Any time night or day  
Darlin just say  
And I'll rock you

No matter where you are  
Whether near to me or far  
I'll run to your side

Girl, if you need someone  
For love or for fun  
Let me rock you  
Any time night or day  
Darlin just say  
And I'll rock you
