## **Changing All The Time**

## **Peter Frampton**

You're doing what you think is right Yeah, like it's black and white Then you're not so sure 'Cause everything's changing all the time

You're digging deep inside
In me you can always confide
You have to trust in yourself
'Cause everything's changing all the time
When in your darkest days
You are the light that shines the way
...Gotta leave it all behind
'Cause everything's changing all the time

When you're put to the test
And you need some tenderness
Don't let yesterday haunt you
'Cause everything's changing all the time
'Cause everything's changing all the time

When things don't seem to go as planned And your hopes seem out of reach Don't let your fears surround you You can't give up now And loose what's inside you
