

# Lady Lieright

Peter Frampton

Lady Lieright, go help fetch my clothes  
I'm looking for my broken boots  
I hope they show

Yeah, lady do right  
Don't do me wrong  
We've been together all this time  
But that's another song

Susie Sunshine  
Well, what's your game?  
I'd love to keep you in my drawer  
For when it rains

Yeah, where I was going?  
I keep drifting away  
I think I'll go right back to bed  
And I'll sleep the day

Just the other day I took you  
To an Oriental restaurant  
Gentleman, he took our order  
In his mind  
And how we said  
It's nothing to fly  
To the moon  
I sat there in a haze  
Oh, how I cried aloud  
I love that man today

Lady Lieright  
Well, I love you so  
You make me feel a million dollars  
What's it worth now  
Yeah, shimmering shadow  
Beneath me now  
Looking at you gives me heart  
I need it now

Lady do right
