Lines On My Face

Peter Frampton

Lines on my head from that one thing she said She spoke of strangers that don't sleep two a bed Kept on trying, buying time, not waiting on fate I somehow got the feeling that I opened my eyes too late I saw where you came from Called out your name But there's no answer We lived on your doorstep I made you my wife but I don't need that Lines on my face, while I laugh lest I cry Speed city dirt and gritty waving me goodbye So many people, my family of friends Trying so hard to make me smile until this heartache mends I saw where you came from called out your name but there's no answer We lived on your doorstep I made you my wife but I don't need that Ice in her eyes, frozen tears would never be a surprise You can't erase a dream you can only wake me up My mind is turning slower, never to accept defeat It don't matter where I live I still got a house to heat I saw where you came from called out your name but there's no answer We lived on your doorstep I made you my wife but I don't need that
