## Love Is Here

Petula Clark

Love is here And it's music's filling the air Love is here You can feel it everywhere Yeah

Beautiful thing to happen Heavenly thing to happen Didn't you feel it happen? Didn't you feel it happen?

Oh, love is here There are flowers blooming in space Love is here And the world's a beautiful place

Marvelous thing to happen Fabulous thing to happen Tell me you felt it happen Didn't you feel it happen?

Oh, let this wonderful thing surround us, Reach out and touch everyone around us

Love is here And it's music's filling the air Love is here You can feel it everywhere

Ooh, didn't you feel it happen? Didn't you feel it happen? Oh, love is here Oh, love is here Yes, love is here (fade out)
