I know you're leaving me behind
I'm seeing you, darling, for the very last time
Show a little tenderness before you go
Please let me feel your embrace once more

Take me in your arms, come on and rock me, and rock me a little while

Hold me darling, rock me, rock me a little while We all must feel heartache sometime Right now, right now, now, I'm feeling mine

I tried my best to be strong, but I'm not able I'm like a helpless child wrapped in a cradle Let me know joy before I grieve
Just once more, darling, before you leave

Take me in your arms, come on and rock me, and rock me a little while

Hold me darling, rock me, rock me a little while I'm losing you and my happiness
My life is over, I must confess

I'll never, never see your smiling face no more I'll never, never hear your knock on my door Before you leave me, leave me behind Please let me feel happy just one more time

Take me in your arms, come on and rock me, and rock me a little while

Hold me darling, and rock me, rock me a little while

I said I never wouldn't beg, I said I wouldn't plead Here I am, baby, begging you please Baby, baby, please, baby, baby, please

Baby, take me in your arms

Come on and rock me, and rock me a little while

Hold me darling
