

Still Your Love Goes On

Phil Wickham

I always complicate these things
Been living everything for me
But who can match Your grace
Your mercy can fill the darkest place

Still Your love goes on
Still You break me down
Still Your love runs free
Still You watch over me
Over me

I know sometimes I lose my way
And then my heart gets so afraid
But I realize and I must walk by faith and not by sight

Oh still Your love goes on
Oh still You break me down
Oh still Your love runs free
Oh still You watch over me

You watch over me ohhh
You watch over me yea yea
All is new

Oh Your love goes on its all that I can say
Oh Your love goes on it reaches all of me
Oh Your love goes on into my deepest dreams
Oh Your love goes on and on and on

Still Your love goes on
Still You break me down
Still Your love runs free
Still You watch over me

You watch over me
Oh yea
Your love goes on
