

How Great You Are

Phillips, Craig & Dean

A thousand sparkling stars upon a midnight summer sky
The majesty and wonder of the ocean's endless tide
And the more I see the more I can't explain
How the one who set the world in place
Could even know my name and I'm amazed, I'm so amazed

How great You are, how small I am
How awesome is Your mighty hand
And I am captured by the wonder of it all
And I will offer all my praise with all my heart for all my days
How great You are, how great You are, how great You are

A million snow flakes gently fall, yet no two are the same
For colors fill the canvas of the seasons as the change
And everywhere I look I see Your hand
Why You would love someone like me
I'll never understand and I'm amazed, I'm so amazed

How great You are, how small I am
How awesome is Your mighty hand
And I am captured by the wonder of it all
And I will offer all my praise with all my heart for all my days
How great You are, how great You are, how great You are

How great You are, how small I am
How awesome is Your mighty hand
And I am captured by the wonder of it all
And I will offer all my praise with all my heart for all my days
How great You are, how great You are, how great You are

How great You are, how small I am
