

The Answer Is You

Phyllis Hyman

I was just a rider on the storm
I needed love to keep me feeling warm
I was hanging around with nothing else to do
It's about time that I found something new
The answer boy is you

Where have you been all my life?
I was nothing I was nowhere
Till you came and made it right
No I didn't stand a chance
Till I found this sweet romance
The answer boy is you (2x)

When you touch me there's something deep inside
That tells me you're the reason I'm alive
I was going insane until I found you boy
I was out in the rain but now the sky is clear
The answer boy is you (2x)

Where have you been all my life?
I was nothing I was nowhere
Till you came and made it right
No I didn't stand a chance
Till I found this sweet romance
The answer boy is you (2x)

Is you (2x)
Riding on the storm, keep my loving warm
Yeah yeah
The answer boy is you
