

Boring Girls

Pissed Jeans

There's only one type of girl on my mind
She's always on my mind
When I leave the house, I see them outside
They're always on my mind
I think of a girl that I really really need
That money can't buy
I would never be mean to these girls
They're always on my mind
Oh I want to smile for boring girls
I would walk a mile for boring girls
Oh I want to touch those boring girls
I hope I'm not too much for boring girls

There's only one type of girl on my mind
She's always on my mind
When I leave my house I see them outside
They're always on my mind
This is a girl that money can't buy
You know you caught my eye
There's only one type of girl on my mind
She's always on my mind
This is a girl that money can't buy
You know you caught my eye
There's only one type of girl on my mind
She's always on my mind

Oh I want to touch those boring girls
I hope I'm not too much for boring girls
Oh I want to kiss those boring girls
When they're gone I miss those boring girls
Oh I want to touch those boring girls
I hope I'm not too much for boring girls
Oh I want to kiss those boring girls
I know I miss those boring girls
