

I got an invitation
that sort of thing I wanna try
give it a shot before I die!
Don't take it home sometime
I know a little while I .
one here, sit down
quit eyes, drop mouth
can't sleep, rest out
lose for cathouse.
Can't take it until the system
. malfunction
I've done, I'm certain
damn right, I'm human
everybody knows
is harder .clean time,

And I'll miss you, and shoot you
ain't praying for forgiveness
'cause it feels like my body commit a crime.
Thought I can hear the.
thought it would be my.
I'll shot the fire, I know many things would change
but every cathouse is the same.
Thought I can.
thought it would be.
I try to fire, I know many things would change
as the cathouse is the same.
